## Message from the Founder

MAHARISHI MAHESH YOGI

“If we look into the process of gaining knowledge we find there are two sides to knowledge: the object of knowledge, that which we seek to know, and the subject of knowledge, the knower. What the present system of education provides is knowledge of the object; what it misses is knowledge of the subject, knowledge of the knower in the knower’s infinite capacity. When the knower is ignorant about the Self, the whole structure of knowledge is as if baseless.

“Education at Maharishi University of Management enlivens in every student’s awareness the common basis of knower and known, the Unified Field of Natural Law. Every part of knowledge is connected with the whole discipline, and the whole discipline with the Unified Field of Natural Law, which students experience directly as the deepest level of their own intelligence during the practice of my Transcendental Meditation® program.

“As a result of this educational approach, students grow in the awareness that all streams of knowledge are but modes of their own intelligence. They come to feel at home with everyone and everything. Their creative genius blossoms with increasing confidence and self-sufficiency. They cease to violate Natural Law, and grow in the ability to accomplish anything and spontaneously to think and act free from mistakes — the fruit of all knowledge.”

Maharishi University of Management was founded by His Holiness Maharishi Mahesh Yogi in 1971 to make education complete, so that every student enjoys great success and fulfillment in life. By integrating professional excellence and development of higher consciousness, education at the University unfolds the creative genius of its students, and prepares them to be leaders of their nations, competent to create a prosperous, progressive, and peaceful world.

Our unique Consciousness-Based<sup>SM</sup> system of education has also created a high quality of life on campus, full of happiness, harmony, and enthusiasm for knowledge, and free of the problems and stress that trouble other universities throughout the world.

We are fortunate to have highly qualified faculty and bright, focused students who have come from more than 130 countries and almost every state of the United States. Our faculty achievements in research, publication, and grants, and the achievements of graduates in business and professional careers are outstanding; their positive impact on society is remarkable.

In addition, our model school, Maharishi School of the Age of Enlightenment, is one of the world's outstanding primary and secondary schools, as measured both by the students' academic achievements and by their happiness and highly enlightened consciousness and behavior.

Most important, since 1980 the University through its Golden Domes has continually created coherence in the collective consciousness of the United States, generating waves of positivity, harmony, and peace for the whole nation and the world.

As president of this University, I can only be proud of the dedicated, brilliant, and highly idealistic individuals who have made all these achievements possible.
